Community Plan Survey

Your answers will be used for several purposes; (1) to present to the City Council and (2) to gather input for the finalization of the CIA (Community Initiated Amendments) that Raise The Balloon volunteers are now drafting. Personal information will be held confidential and used only for the validation of survey results presented to the City Council and your Community Planning Group.

Q1 Some consider the corner of Morena Blvd and Clairemont Drive to be the gateway to our community. What would you like to see developed there? *

- Grocery Store
- Retail Shops
- Condominiums and Apartments
- Mixed (condos and retail shops)
- Open space/ natural park
- Parking for trolley patrons
- Other:

Q2 The City wants land-use changes and zoning changes made to properties located along Morena Blvd from Clairemont Drive to Tecolote Road. Which would you like to see developed there? *

- RESIDENTIAL ONLY (Condos and Apartments)
- RETAIL ONLY (Grocery stores, boutiques, restaurants and other retail services)
- MIXED (a combination of retail and residential similar to that built at the Morena Vista Trolley station.)
- Unsure
- No Opinion
- Other:

Q3 Which freeway access do you use to get home? *

- Clairemont Drive
- Balboa Ave
- Tecolote Road / Seaworld Drive
- Morena Ave (off I-8)
- Other:

Q4 Does your home have air conditioning? *

- YES- I use it regularly.
- YES- But I rarely use it.
- NO-Bay breezes cool my home.
- NO-because of affordability
- Other:

Q5 Do you consider the Pacific Ocean and Mission Bay Park to be scenic vistas for public enjoyment that should be protected by a 30-foot height limit for any new construction along Morena Blvd? *

- Yes
- No
- No Opinion
- Other:

Q6 Community connectivity includes bicycle lanes, walkways, and open space. Please choose the one most important to you. *

- Bicycle Lanes
- Walkways
- Open Space

Q7 The city Planning Department identifies goals for community development. Which goal is the most important to you? *

- DENSITY (adding more living units to the neighborhood, especially surrounding 1/2 mile of each trolley station)
- AFFORDABLE HOUSING (increasing the number of new living units that qualify for low-income families under the city's Inclusionary Housing Program)
- ZERO-NET ENERGY (using energy saving devices that result in the total amount of energy used by a home on an annual basis to be roughly equal to the amount of renewal energy created by the home)
- GREEN BUILDING PRACTICES (these include the use of living walls, green and solar roofs, sustainable drought-resistant landscaping, water saving retention and re-usable systems, etc.)
- COMMUNITY CONNECTIVITY (creation of bicycle lanes, more walkways connecting all parts of the community, and open green spaces for public squares for enjoyment and gatherings)

Q8 What do you think is most lacking in our community? *

Q9 **What do you consider to be the best feature of our community? ***

Q10 **We need to verify who you are, where you live and your age range in order to use your survey responses for presentation to the City Council and local community planning group meetings. ***
