Formatting for Offset Press-Ready Ads

If you are providing a print-ready digital file, your ad must be submitted using the following specifications:

- 1) **Press-ready Adobe Acrobat® PDF file; PDF/X1a**
is the preferred file preset. Compatibility should be set for Acrobat 4 (1.3). Please "flatten" all files with fonts embedded before saving. Export from InDesign or Quark Express as 'Press Quality'.
- 2) **Press-ready JPG & EPS files**
are accepted. Save Adobe Illustrator files as EPS with embedded photos & art. All fonts converted to outline. Save Adobe Photoshop files as flattened JPG, 300 dpi, in CMYK. 100% black text should be the top layer before flattening so it will overprint any background.
- 3) **Layout:**
 - Build ads to exact size dimensions, only full page bleed ads require 1/4th inch beyond the trim area on all four sides
 - Do not add printer's crop marks to any file
 - Use high resolution images, 300 dpi for photos and 1200 dpi for non-vector line art is recommended
 - All files must be CMYK or Grayscale. Do not use spot, RGB or LAB colors.
 - Do not embed ICC profiles in images
 - Avoid scaling images. If necessary, stay within 50%-150% range
 - Flatten all transparent objects at a high resolution. Avoid placing transparent object over text or other critical vector objects
 - Total ink coverage shouldn't exceed 280%
 - Files should be right-reading, portrait mode, 100% to size with no rotations

4) Fonts:

- All fonts must be embedded and/or attached.
- Ensure all black text is 100% black (no rich black).
- Set all black text to OVERPRINT color backgrounds
- Ensure all reverses and colored text are 10 pt or larger, using a thick font.

No computer-printed material or website images will be accepted.

Microsoft Word, Publisher or Canva files will not be accepted for print-ready ads.

Emailed files must be under 15 MB.

Feature Articles

Length: 250-750 words (some articles longer)

Due on or before the 1st of the month prior to publication.

Articles featured in *Natural Awakenings* cover a wide range of subjects in the areas of health, healing, inner growth, fitness and Earth-friendly living. Articles should be written in layman's terms and impart information in a way that does not sound self-serving. Rather than tackling a vast subject, it is better to focus on a particular segment. We reserve the right to edit all submissions if necessary. A copy of revisions can be sent upon request. Please include a brief biography at the end of your article.

News Briefs

Length: 50 to 250 words

Due on or before the 1st of the month prior to publication.

What's new? Share it with us! Did you open a new office, recently become certified in a new therapy, or do you have a special event coming up? We welcome any news items relevant to the subject matter of our publication. We also welcome any hot tips or suggestions you may have for a news item. Please submit news brief information online at NaturalCentralPA.com.

Health Briefs

Length: 50 to 250 words

Due on or before the 1st of the month prior to publication.

The Health Briefs are short, interesting clips of information often referring to a new health fact or leading-edge research in a particular field. This is an opportunity to share bits of information about your particular therapy, (examples: massage lowers blood pressure; acupuncture shortens labor; exercise eases depression). Please include any references.

How to Submit Editorial

Please submit news briefs and health briefs by the 1st of the month prior to publication at NaturalCentralPA.com. Please contact us to discuss submitting a feature article beforehand. We work 3 to 4 months in advance when planning local editorial features.

Include name, business and phone number with all editorial submissions. We reserve the right to edit all submissions for length, style and clarity. Must be informative and educational. Editorial content submissions are judged separately from advertising contracts.

Photos and Graphics

Be sure to include any photos or graphics in high resolution **JPG, TIFF, EPS** or **PDF** formats as email attachments. Raw photos "right out of the camera" are preferred. **Computer-printed material, website images or graphics embedded into Microsoft Word documents are not acceptable.**
